

GENERAL APPENDIX 9

THIRD PARTY LIABILITY RESOURCE CODE DIRECTORY

The Third Party Liability (TPL) codes appear on the participant's MediPlan or All Kids Identification Card. The code consists of a three digit numeric resource code that may be prefixed with an alphabetic coverage code. When it is present, the alpha coverage code defines the extent of services covered by the TPL source. The codes and level of coverage are as follows:

Group Insurance through Employment

- A - Comprehensive health insurance, dental insurance, vision insurance
- B - Comprehensive health insurance, dental insurance
- C - Comprehensive health insurance
- D - Basic health insurance (high deductibles, high co-payments, etc.)

Individual Insurance

- E - Comprehensive health insurance
- F - Basic health - policyholder under age 65
- G - Medicare supplement insurance - policyholder over age 65
- H - Limited insurance (Accident only, cancer only, etc.)
- I - Hospital indemnity insurance

Example: A participant who is insured under a health plan written by Aetna Life Insurance Company will have the source code 001 printed in the TPL section of the MediPlan or All Kids Identification Card. A prefix alpha "A" code will be added to the TPL resource code (A001) to denote a comprehensive health insurance plan that is underwritten by Aetna, once the Department has verified the coverage.

An alphabetical listing of insuring organizations and the TPL code assigned to each is provided on the following pages. It is followed by a numerical listing, by TPL code, of the same insuring organizations. The numeric listing is grouped by type of insurer:

- Group I = Insurance Companies
- Group II = Self-insured Unions and Employers
- Group III = Third Party Administrators
- Group IV = Other Sources of TPL.

Note: The TPL resources listed in Group IV do not appear in the alphabetical listing. These codes are to be used as appropriate, when a third party is responsible for a portion of the patient's charges but no other code applies.

Prescription Drug Insurance Coverage: For Drugs, a five digit Drug TPL ResourceCode may be found in the TPL/PBM Resource Guide, refer to Appendix 15. Please enter the five digit PBM code as applicable in the Other Payer ID field in the COB/Other Payment segment in the NCPDP version 5.1 (340-7C). If no PBM is identified, please indicate the three digit code from Appendix 9 if known.
